

Exodus Battle LARP

Steering Committee

The Executive of Exodus Pty Ltd will consult with the Exodus Steering committee monthly. Attendance by Steering Committee members is not required but preferred, as this is the most regular method by which the executive may liaise with the Exodus community outside of the annual Exodus town hall community event.

Matters for the Steering Committee:

- Procurement information relating to asset purchases for Exodus by the Executive
- Recommendations to the Executive relating to procurement for Exodus
- Discussing rules refinements and changes for the annual update
- Ad hoc items relating to the Exodus Pty Ltd, the Exodus game and the Exodus community

Steering committee membership:

- The Executive will set the number of seats on the Steering Committee by giving regard to the number of teams in the community
- All team captains are eligible
- Serve for each month on the basis of popular selection
- Cannot serve consecutive terms, but may serve multiple terms
- Each term is 30 days in case a Special Steering Committee meeting is called
